

Mini Oven

Perfect for small kitchens or as an additional oven to accommodate larger spaces. Dualit's Mini Oven has a large capacity of 22L, multiple cooking functions, internal light and strong shelf supports. It features a sealed, double glazed window and a curved back for large dishes. With an oven tray, wire rack, pizza pan, removable crumb tray and non-stick interior, this oven is the perfect addition to any kitchen.

Space saving

Dualit's Mini Oven is perfect for small kitchens or as an additional oven in busy kitchens. With multiple cooking functions, including: grilling, baking, roasting and defrosting, plus an internal light and non-stick interior, it makes an ideal space-saving solution.

Quick heat up time

From a standing start to 180°C in just six minutes and 220°C in nine minutes, the fast heat-up time makes our Mini Oven the perfect solution for everyday meals.

Easy cleaning

You won't waste precious time cleaning, thanks to a removable crumb tray that allows you to collect excess crumbs for easy cleaning, and simply wipe food and oil away. A smooth, non-stick interior also ensures that any spills can be wiped down easily, avoiding burnt-on mess.
